

# Advanced Practice Quality Improvement Project Support Scheme

ARE YOU A  
PRIMARY CARE  
ADVANCED  
PRACTITIONER  
LOOKING FOR  
SUPPORT TO MAP  
AGAINST THE RESEARCH  
OR EDUCATION PILLAR?

ARE YOU IN ANOTHER ROLE  
IN THE PRIMARY CARE TEAM  
AND EXPLORING WAYS OF  
WORKING DIFFERENTLY?

Join the QIPSS to  
explore how to  
develop and  
implement a quality  
improvement  
project designed  
around your  
practice.

## Quality Improvement Project Support Scheme (QIPSS)

Health Education East of England

### Who is the QIPSS webinar for?

The QIPSS is for clinical and non-clinical primary care staff within the East of England. It is aimed at the non-medical clinical team, specifically advanced practitioners however, applications are open to all NHS primary care staff if space allows. Priority will be given to Deep End practices.

### What does the QIPSS involve?

QIPSS is a funded scheme to support the start-up of small quality improvement projects within practices across the East of England. It involves attendance of one 3-hour webinar with HEE Advanced Practice leads and Integrated Care Fellows who will discuss how to develop a quality improvement project. Following on from the webinar, there will be opportunities to participate in 1-2-1 or group mentoring sessions for ongoing support to see projects through to fruition.

### Why is quality improvement important?

- To ensure the safety of patients and improve patient outcomes and experience
- To provide measurable improvement in service
- Reduce cost of healthcare and waste
- To improve the quality and consistency of practice
- To align practice with regional and national guidance and frameworks
- To meet four pillars of advanced practice
- To fulfil CPD specifications for revalidation
- Embrace innovation and adopt emerging technology to assist with new and better ways of working
- Address inequalities within certain populations

### What is required in order to take part in the QIPSS?

- Attendance and active participation in the webinar on Thursday 30<sup>th</sup> March 2023 13:00 – 16:00
- Access to Microsoft Teams with a functioning camera and microphone
- An idea (or willingness to develop an idea) for a quality improvement project
- Commitment to attend at least one follow up mentoring session at a mutually convenient time
- Protected time to undertake your project-this will depend on the scale of QIP undertaken
- Support from practice manager and/or team

### How do I sign up for the webinar?
