Online Documentary Launch: 'Life Well Lived'

Tue 07 Nov 2023, 13:00- 14:30

A 35-minute documentary film 'Life well lived', made by Amber Films, that explores the will to live and die and what it means to have a life well lived.

The film listens to three healthcare staff who tried to end their own life when young and their journey in finding meaning in their lives.

They now want to offer hope to colleagues who may be struggling and tackle the stigma by opening up about their history.

This event, which is open to anyone working towards suicide prevention in staff or otherwise across the UK and beyond, is a collaboration between the Cambridgeshire and Peterborough Staff Support Hub and the North East and North Cumbria Suicide and Self Harm Research Collaborative.

GP & ACP Education Programme Transgender Healthcare

Tue 14 November, 19:00-20:30

Join us for our next GP& ACP education session when Claire Blake and George Blake will be joining us to talk about Transgender Healthcare. The goal of this session is to increase confidence when treating transgender patients, or with friends, family or colleagues, and to understand best practice and guidelines to follow to help care for transgender patients. You can also find future dates in the programme on our [web page here](#).

PCN Educational Leadership Development Programme: Reflection and Reflective Practice

Tuesday 28th November, 08:30-12:30

The third of our educational workshops will focus on the topic of reflection.

Reflection and reflective practice are seen as central to the education, training and professional development of all healthcare professionals but reflection is often misunderstood or viewed as a tedious, tick box, chore.

This workshop will critically examine the various ways that reflection has been thought about, how it tends to be operationalised and what can be done to avoid developing 'reflective zombies'.

We will also be showcasing a number of tools that you may wish to take back to your primary care network aimed at encouraging reflection in group settings. These will include after action review, Schwartz rounds® and action learning sets.

Care Navigation Training

Foundation level skills training sessions for those new to care navigation. On completion, individuals will be confident to communicate effectively with patients and members of the multi-disciplinary team to signpost to the most relevant clinician or local services. An advanced level for those with experience will be available shortly.

Induction Programme for Staff New to General Practice

Our Induction Programme aims to support your local Practice induction by providing a consistent and comprehensive introduction to working in general practice. The programme runs monthly and is for any staff new to General Practice. (Please note: It is beneficial if staff have had a few days to orientate themselves to the workplace before attending the Induction.) The programme includes:

- Introduction to Primary Care
- How the Training Hub supports you – booking training, funding, meet the team
- Getting started with SystmOne
- Resilience, Wellbeing & Psychological Safety
- Introduction to Personalised Care, Patient Activation & Supported Self-Management
- Equality, Diversity and Inclusion

We will be running this programme for the rest of the financial year and places are fully funded. For dates up to February, please [click here](#). (March date will be released shortly.)

Professional Nurse Advocate (PNA) Scheme

Are you a dedicated nurse from a BAME background, passionate about supporting your colleagues in the NHS? Join our team as a Professional Nurse Advocate (PNA) and make a meaningful impact on the lives of fellow nurses. We're here to support you on your journey, offering a comprehensive PNA course and a competitive sessional rate. We're looking for four nurses educated outside the UK, with lived experiences that can help those new to the NHS and life in the UK. As a PNA, you'll empower and advocate for your colleagues, sharing insights, and offering vital support. Express your interest by emailing candptraininghub@nhs.net with 'PNA' in the subject by the 24th November and be a part of this transformative initiative. Your experiences matter. If you would like an informal conversation prior to expressing an interest, Michelle Mangwiza or Jan Gower are available for a chat.

Transition into General Practice Nurse Fellowship

Applications now open for next Transition into General Practice Nurse Fellowship commencing in January 2024.

Support & Wellbeing

Responding to the Crisis in the Middle East – Support Forums

We understand that many of our staff in health and social care have friends or family who are impacted by the recent events in Israel and Gaza. The Staff Support Hub stands in solidarity with all those impacted by the crisis and would like to offer some time to support each community. These online Support Forums will be facilitated by an experienced clinical psychologist with specialist skills in trauma, peer support and collective healing. Two dates are planned for these sessions. Please click on the dates below to register:

- For those colleagues with Jewish heritage or loved ones in Israel: [Tuesday 14th November, 1pm](#)
- For those colleagues with Arab heritage or loved ones in Gaza: [Wednesday 15th November, 1pm](#)

NHS Looking After You Coaching for Primary Care

Free coaching from NHSE/I for all primary care colleagues, tailored to individual needs. Experienced coaches will work with you to discuss any area of your wellbeing that you would like to address. They will listen, ask questions and support you to develop practical strategies to cope with your situation and work well.
