

WEBINAR

BEYOND THE COUGH: EVIDENCE-BASED AIRWAY CLEARANCE STRATEGIES

Join us for a practical, evidence-focused webinar exploring airway clearance in patients with long-term respiratory conditions.

.....

Monday 23 March 2026
12:30 - 14:00hrs
Zoom Webinar

[Please click here to book](#)

Delivered by Rachael Colclough, this session will examine why individuals with chronic respiratory disease struggle with retained sputum and the clinical consequences this can create.

The webinar will explore:

- The pathophysiology behind sputum retention in long-term respiratory conditions
- Evidence-based airway clearance techniques
- How these techniques are applied in real-world clinical practice
- Practical considerations for selecting and optimising airway clearance strategies

This session is suitable for healthcare professionals involved in the care of patients with respiratory disease.

Rachael Colclough,
Consultant Physiotherapist Respiratory Medicine

✓ You will receive a certificate of attendance with 90 minutes of educational content towards your Continued Professional Development upon completion of this training
