We are excited to share our new EDI & B Spotlight!

Why Equality, Diversity, Inclusion and Belonging matters

Cambridgeshire & Peterborough communities are wonderfully diverse, spanning busy urban centres as well as rural villages, each with a population with very different lived experiences.

EDI & B training is vital as it helps in offering the right care to everyone, regardless of background or circumstances and when embedded into everyday practice, it helps to close life expectancy gaps, improve patient experience and build stronger, more resilient teams.

What's in the spotlight this month?

- **Belonging in Practice Series** - see below or [click here](#) for more details
- **Pride in Practice** - new cohort launching soon, email us to join the waiting list.

For helpful information to support general practice staff to settle into C&P [visit our website](#).

Do you or your practice have an EDI & B success story you would like to share?
